COMNAVAIRPACNOTE 4440
N412

JUL 26 2001

COMNAVAIRPAC NOTICE 4440

Subj: ESTABLISHMENT OF COMMANDER NAVAL AIR FORCE, U.S PACIFIC FLEET
(COMNAVAIRPAC) PROCEDURES AND RESPONSIBILITIES FOR PHASE MAINTENANCE
KIT (PMK) REQUIREMENTS

Ref: (a) COMNAVAIRPACINST 4790.46D

1. Purpose. To establish written guidelines for activities within COMNAVAIRPAC claimancy to follow for ensuring PMK(s) are available for support of units embarked in aircraft carriers (CV/CVN) and amphibious assault ships (LHA/LHD), where the Aviation Consolidated Allowance List (AVCAL) is controlled and/or supported by COMNAVAIRPAC. The overall intent of this notice is to prevent Not Mission Capable Supply (NMCS) and Partial Mission Capable Supply (PMCS) requirements leaving the ship for items to support the phase maintenance program. This is a complete revision and should be reviewed in its entirety.

2. Cancellation. COMNAVAIRPACINST 4440.22

3. Discussion. This notice provides guidelines to ensure PMK(s) are available for support of the aircraft maintenance effort for a normal six-month Western Pacific cruise. This notice applies only to aircraft and aircraft related Support Equipment (SE), used in direct support of the aviation maintenance effort, for deployment on the type ships listed in paragraph 1 above. Naval Air Station North Island (NASNI) is responsible to support requirements necessary to meet deployment parameters for aircraft and aircraft related SE. The home air station or Marine Aviation Logistics Squadron (MALS) will support all other requirements for PMK(s). For purposes of clarification, aircraft related SE is defined as SE required in direct support of the aviation maintenance effort. For example, cranes, tillys, and forklifts are not used in direct support of the aircraft maintenance effort and therefore, are not covered under this program.

4. Action. The following actions are required by the activity indicated:

a. COMMANDER, CARRIER AIR WING (CVW) and/or COMMANDER, AIR COMBAT ELEMENT (ACE). Notify the ship's Supply Officer by message, with information copies to COMNAVAIRPAC (N412, N422R), NAVSUPPO NAS North Island(ASD4) and COMNAVSURFPAC (N413) as appropriate and per milestones established in reference (a), the total number of aircraft PMK(s) required for duration of deployment by aircraft Type, Model and Series (T/M/S) and provide current copies of Maintenance Requirements Cards (MRC) listing material requirements. Include a primary and alternate date the material is required to be onboard the ship.

JUL 26 2001

b. SHIPS SUPPLY AND AIRCRAFT INTERMEDIATE MAINTENANCE DEPARTMENT (AIMD). Notify NAVSUPPO NAS North Island (ASD4) by message, with an information copy to COMNAVAIRPAC (N412, N422R), and COMNAVSURFPAC (N413) as appropriate, per milestones established in reference (a), the total number of PMK(s) required for aircraft and aircraft related SE for the duration of the deployment by type equipment code. Inter-Deployment Training Cycle (IDTC) SE phase kit requirements are handled in the same manner as above however, that requirement should be addressed in phase one of the turn-around cycle in accordance with reference (a). Include a primary and alternate date the material is required to be onboard the ship. Provide the latest copies of MRC(s) detailing material requirements. Ensure shortages, identified in accordance with paragraph 4.c. below, are supportable by the Consumable AVCAL. Notify CNAP N412 or CNSP of any range add requirements.

c. SUPPLY OFFICER NASNI (CODE ASD4). Responsible for establishing a program to cover all aircraft and aircraft related SE assigned to type ships addressed in paragraph (1) above. Ensure only the latest MRC information is used in constructing PMK(s), to comply with configuration requirements. Provide a message response to all requests received for PMK(s), with an information copy to COMNAVAIRPAC (N412, N422R), and COMNAVSURFPAC (N413) as appropriate. In the event material is not available to fill requirements, inform the ship/CVW/ACE by National Stock Number (NSN) of the quantity required and order material from the system to ensure future requests can be filled.

d. COMNAVAIRPAC. N412 will maintain this notice and provide any further guidance necessary to ensure successful maintenance of the program. N412 will also provide updates to the outfitting milestones tasking the CVW/ACE and Supply/AIMD officer to request PMK(s) in a timely manner.

5. Disposition. Unused PMK(s) will not be returned to NASNI but will be broken down, shelf life items inspected and material turned in to stores.

6. Reporting. Normal milestones reporting in accordance with reference (a).

7. Cancellation Contingency. This notice is cancelled upon receipt of a revised notice of the same subject.

M. L. PURCELL
Chief of Staff

Distribution:

SNDL Parts 1 and 2 (PACFLT only, unless otherwise indicate)

FB7	Air Station
24D2	Surface Force Commander
